RE: The case and verdict of Kenneth Carl Grondin III

Bill Schuette,

I'm a concerned citizen, and want you to know that I'm expecting additional actions on your part to resolve the doubt related to this young man's trial. The evidence, as it's shown in the media and the court transcripts, is circumstantial, at best, and truthfully raises more questions about the ethics of our law enforcement and local judicial system than it does about the possibility of the defendant's guilt. If Kenneth Carl Grondin's III verdict stands, it tells me and everyone in our community that anyone of us can be convicted in one of your courtrooms, even if we're innocent.

Please do the right thing in this case. Neither your career nor my career is worth an innocent young man's freedom.

Sincerely,

#justice4kc
